2nd Wednesday of the month.
Call to book an appointment 348-8618.

Sun Safety

- **Keep babies out of direct sunlight.
- **Limit being outside for long periods between 11am-4pm.
- **Dress infants in loose-fitting, light weight clothing.
- **Use a sunscreen with an SPF of 30.
- **Remember sun protection is needed whenever the UV index is 3 or greater.

Perth Care For Kids offers a **Nursery School Program in Mitchell & St. Marys**. All of our staff are ECE trained or equivalent. Programs include theme based crafts, circles, play centres, field trips & special activities. Call 348-8618 to register for the fall of 2010. Children ages 2 1/2 to 5 years of age.

How do I properly fit a helmet for my child? The helmet should cover the top of the forehead and should rest about 2 fingers' width above the eyebrows. The side straps should fit snugly around your child's ears in a "V" shape. The buckles on the side strap should fit right under the ear. Buckle the chin strap. Until you can only fit one finger between the strap and your child's chin.

How do I tell if the helmet is fitting correctly on my child's head? Have your child shake her head from side to side and from front to back. The helmet should not move around when she shakes her head. For more information please call 348-8618.

The West Perth Early Years programs are promoting a "Community of Character"

- by adopting 11 attributes to create a better place to live.
- Each month a new attribute will be identified on your calendar and in program. We ask you to keep this attribute in mind as you go about daily life.

- Lets all work together to make this community a better place to raise our children. This month's attribute is:

Inclusion

Inclusion: The addition of somebody to a group
